

Dear Parents,

I hope you all received your June Home Pack last week. This week our theme is continuing on from last week- Summer. I have included a list of work in the grid below. As always do what you can and don't worry about getting it all done. Please send me a photo of your favourite piece of work or play this week. I hope our sunshine returns!

Take care,

Your teacher,

Nicola Mannion

How to Make a Daisy Chain

Daisy chains are a lovely thing to do on a sunny day. Use these step-by-step instructions to make a daisy chain.

You Will Need

- A few daisies with their stems.

1. Hold a daisy in your hand.
2. Use your thumbnail to make a small slit in the stem of the daisy.
3. Pick up another daisy and thread that stem through the slit.
4. Then make a slit in the new daisy stem you have just threaded through.
5. Thread another daisy through that one and carry on. You will soon have a lovely chain of threaded daisies.
